Performance

Screamin' Eagle/Öhlins Remote Reservoir Rear Shocks

Upgrade to Screamin' Eagle Factory Race Team suspension with these performance rear shocks. These high-performance rear shocks for Touring models were designed with Öhlins specifically for Screamin' Eagle® Factory Team race bikes. Now you can experience the same ultimate in handling and ride quality. These mono tube remote reservoir shocks are completely adjustable to match your riding style. Set the sag with the adjustable preload then fine tune the response with adjustable compression and rebound damping. Add performance style with a remote reservoir and exposed adjusters. Get a perfect factory fit tuned to complement Screamin' Eagle/ Öhlins Inverted Front end kits.

- Expertly tuned by Öhlins and Screamin' Eagle with the aggressive performance bagger rider in mind.
- High-performance style: Exposed remote reservoirs with stainless steel lines and Screamin' Eagle/Öhlins branding.
- Preload setting on both shocks allows suspension adjustment based on rider, passenger, and gear weight for optimal performance.
- No tools required for compression and rebound damping adjustments so changes can be made quickly and easily.
- New race-spec linear spring rate.
- Standard 13" Height with +8/-2 mm of length adjustment.
- High-pressure nitrogen gas-charged design resists heat fading and low-friction shaft/seal head design for smooth performance.
- 36mm piston diameter.
- Includes billet aluminum preload adjustment tool. Fully serviceable and rebuildable.
- Reservoir brackets are designed to accommodate all Harley-Davidson® Two-Up accessories, rear lighting and saddlebag lids.

Part Numbers:

54000350 - Black.

54000351 - Gold.

Fits '23-later FLHXSE & FLTRXSE, '24-later FLHX, FLTRX, FLTRXSTSE, and '25-later FLHXU models.

NEW PRODUCT CATALOG '25

Performance

Screamin' Eagle / Öhlins Inverted Fork Legs

Upgrade to the premium performance of Screamin' Eagle Factory Race Team suspension. These 48mm Öhlins forks legs are developed in partnership between Öhlins and Harley-Davidson® offer no-compromise front suspension performance for confidence-inspiring handling. Forks are fully adjustable for pre-load and compression and rebound damping. Inverted fork design provides enhanced front end rigidity with reduced steering inertia for unmatched handling and feedback to the rider. Requires separate purchase of vehicle specific installation kit for models not factory equipped with an inverted front fork.

- Expertly tuned by Öhlins and Screamin' Eagle with the aggressive performance bagger rider in mind.
- Adjust preload plus rebound/compression damping on the top caps of the fork assemblies.
- Micro-polished inner tubes reduce friction for smooth performance.
- Gold TiN (titanium nitride) coating on the fork sliders reduces friction and increases wear resistance as compared to chrome plating.
- Forks utilize 30mm pistons and NIX technology to maintain optimal damping at higher frequency to improve control, noticed by the rider as improved tire contact feel.
- Fully serviceable and rebuildable.
- Provides a 13% weight reduction compared to the traditional original equipment front fork assembly.
- Separate purchase of vehicle specific Front Fork Installation kit required for '24-Later FLHX and FLTRX, and '25-later FLHXU models.

Part Numbers:

45400392 – Black.

45400393 – Gold.

Fits '23-later FLHXSE and FLTRXSE, '24-later FLHX, FLTRX, and FLTRXSTSE, and '25-later FLHXU models. Separate purchase of vehicle specific Front Fork Installation kit required for '24-Later FLHX and FLTRX, and '25-later FLHXU models.

Performance

Screamin' Eagle Extreme Flow Titanium Slip – On Muffler

Realize a significant weight reduction and a deeper, more robust exhaust tone with this Screamin' Eagle® Extreme Flow Titanium muffler, designed specifically to fit on '25-later Softail models.

- Titanium muffler body construction with Forged Carbon Fiber end cap reduces overall weight by 20% compared to the Original Equipment exhaust.
- Titanium muffler shell and Forged Carbon Fiber end caps are both lightweight and durable.
- Matte black finish with laser etched Screamin' Eagle® logo.
- 49-state U.S. EPA compliant.
- Screamin' Eagle products are not available for sale and are not street legal in all countries - Please contact your local dealer for more information.

Part Number: 64901405

Fits '25-Later FXBB, FXLRS, FXLRST and FLHC models. All models require ECM calibration with Screamin' Eagle® Pro Street Tuner for proper installation.

NEW PRODUCT CATALOG '25

Performance

Screamin' Eagle® Stage III Kit – 117 to 122ci – Black Highlighted

This Stage III kit has been developed to deliver the kind of real-world power increase Touring riders will feel each time they roll on the throttle. The bump up in displacement and compression paired with a Screamin' Eagle® SE8-511 camshaft deliver a significant increase in torque and power over stock and may restore the sensation of riding solo when you're loaded down with a passenger and gear.

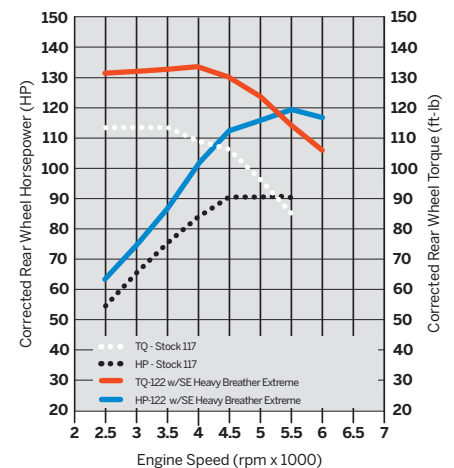

- Delivers up to 31% more horsepower and 18% more torque compared to the Original Equipment engine configuration.
- We've done your homework. This street-compliant performance kit has been designed and tested as a system by the performance experts at Harley-Davidson.
- Includes 4.155" Big Bore Bolt-On Cylinders, Forged 10.9:1 High Compression Pistons and Rings, SE8-511 Camshaft, High Capacity Tappets, Stage III Timer Cover Medallion.
- Includes Multi-Layer Coated Head Gaskets, Cylinder Base and Cam Cover Gaskets, most necessary gaskets and seals.
- Pending 49-State U.S. EPA compliant.

Part Number: 92500139

Fits '24-later FLHX and FLTRX and '25-later FLHXU models. Installation may require Cam Spacer Kit P/N 25928-06. All models require ECM calibration with Screamin' Eagle Pro Street Tuner for proper installation.

Milwaukee-Eight 122 Stage 3 vs Stock 117 Touring - SE Heavy Breather Extreme Air Cleaner / SE Titanium Slip-On Mufflers

NEW PRODUCT CATALOG '25

Performance

Screamin' Eagle® Timer Cover Medallion – 122ci Stage III

Showcase your bike's performance enhancements with the Screamin' Eagle® Stage Insert.

- 122ci Stage III.
- Included in Screamin' Eagle Stage III 117ci to 122ci Kits.

Part Number: 14102074

Fits '23-later FLHXSE and FLTRXSE, '24-later FLHX, FLTRX, and FLTRXSTSE, and '25-later FLHXU models.

Screamin' Eagle® Racing King 6 Transmission

Born from racing, the Screamin' Eagle® Racing - King 6 is a battle-tested performance transmission developed by the Harley-Davidson Factory Race Team competing in the Mission King of the Baggers series. Engineered for enhanced gear engagement and durability. Key features include modified back-cut angles on the shift dogs to improve gear engagement and super premium heat treat and shot peening on gears and shafts ensure race-tough strength and durability. You'll enjoy the smooth shifting performance and know this transmission is built for extreme performance in mind.

- Bolt-in installation.
- Super premium heat treated and shot peened gears ensure race-tough strength and durability.
- Torque capacity increased by +25% over the Original Equipment transmission.
- Smooth gear engagement for quicker shifts.
- Back cut gears and shift lug/pockets undercut for improved engagement and reduced friction.
- Upgraded bearings.
- Screamin' Eagle branding on bearing door.
- Installation kit (P/N 36300043) includes gaskets, O-rings, main drive seal and bearing, and inner primary bearing race (sold separately).
- Transmission gears and shafts may have a blue coating. This blue coating is a manufacturing aid and will not affect King 6 Transmission or Oil Performance. Upon first fluid change the oil may have a slight discoloration.

Part Number: 36300037

Fits '07-'24 Touring, '07-'24 Softail® and '06-'17 Dyna® models. Does not fit '23-Later Center-Cooled Touring models. Installation requires separate purchase of Gasket Installation Kit P/N 36300043.

Performance

Screamin' Eagle® 4.155" Big Bore Bolt-On Cylinders – Milwaukee-Eight® Engine – Black Highlighted

Increase the displacement of your Milwaukee-Eight® engine without removing the engine from the chassis. The Screamin' Eagle product team has engineered a patent protected 4.155" Big Bore Cylinder that increases the internal bore but slips into the existing case bore without modification. When combined with the appropriate piston combination in the Screamin' Eagle Stage III kits, these cylinders can increase the displacement of your Milwaukee-Eight engine from 117CI to 122CI.

- Replacement cylinders for '24-later FLHX and FLTRX and '25-later FLHXU models equipped with a Screamin' Eagle 122ci Stage III kit.
- Kit includes front and rear cylinders and gaskets.

Part Number: 16800437

Replacement cylinders for '24-later FLHX and FLTRX and '25-later FLHXU models equipped with a Screamin' Eagle® 122ci Stage III kit.

Screamin' Eagle® Forged High – Compression Piston Kit – 4.155" X 4.5" (122ci)

Developed to work in concert with the Screamin' Eagle® Milwaukee-Eight® 122CI engine Stage III kits, these pistons increase the engine's compression to 10.9:1 and deliver impressive gains in torque and horsepower when coupled with those kits.

- Replacement pistons for '24-later FLHX and FLTRX and '25-later FLHXU models equipped with a Screamin' Eagle 122ci Stage III kit.
- Forged from high-strength aluminum.
- Precision-machined and features coated skirts for a tight-tolerance fit and quieter operation.
- Complete kit includes two pistons, rings, wrist pins and clips.

Part Number: 21900130A

Replacement pistons for '24-later FLHX and FLTRX and '25-later FLHXU models equipped with a Screamin' Eagle 122ci Stage III kit.

NEW PRODUCT CATALOG '25

Performance

**Heavy Breather Rain Sock**

Protect your exposed-element air cleaner during inclement weather with this Heavy Breather Rain Sock.

- Mesh cover stretches over the filter to repel moisture. Breathable cover does not significantly reduce air flow to the engine.

Part Number: 29400524

Fits '24-later FLTRXSTSE models equipped with the original-equipment air cleaner.

Heavy Breather Rain Sock

Protect your exposed-element air cleaner during inclement weather with this Screamin' Eagle® Heavy Breather Rain Sock.

- Mesh cover stretches over the filter to repel moisture that could damage the filter and be drawn into the engine.
- Breathable cover does not significantly reduce air flow to the engine.

Part Number: 29400512A

Fits Milwaukee-Eight models equipped with the Screamin' Eagle Heavy Breather Elite (Part Numbers 29400406 & 29400407), '22-'23 FLHXST and FLTRXST, and '22-later FXLRS and FXLRST models factory equipped with Heavy Breather air cleaners.

NEW PRODUCT CATALOG '25

Performance

**Diamond Like Carbon Coating
Fork Tubes – Conventional Forks**

Upgrade front suspension performance with these high-spec front fork tubes. The SHOWA® Diamond-Like Carbon (DLC) coating treatment reduces friction to improve fork response and durability, for an improvement in both comfort and handling.

- Black coating gives your bike a high-performance look.
- Hard Diamond Like Carbon (DLC) coating resists corrosion and pitting.
- Super-smooth surface reduces friction in suspension action.
- Kit includes two fork tubes, seals, packaging, and bolts.

Part Number: 45500921

Fits '18-Later FXBB, FXLR, FXBR, and FXBRS, '20-later FXST, '21-later FXBBS models.

**Diamond Like Carbon Coating
Fork Tubes – Inverted Forks**

Upgrade front suspension performance with these high-spec front fork tubes. The SHOWA® Diamond-Like Carbon (DLC) coating treatment reduces friction to improve fork response and durability, for an improvement in both comfort and handling.

- Black coating gives your bike a high-performance look.
- Hard Diamond Like Carbon (DLC) coating resists corrosion and pitting.
- Super-smooth surface reduces friction in suspension action.
- Kit includes two fork tubes.
- Includes lower knuckle on both tubes to ease installation.

Part Number: 45500920

Fits '18-Later FXFB and FXFBS, '20-later FXLRS, '22 FXRST, and '22-later FXLRST models

NEW PRODUCT CATALOG '25

Performance

Full Chrome Front End – Conventional Forks

The front forks on a Harley-Davidson® motorcycle set the tone for the bike and can lead the way to a full-bore custom statement. This complete kit makes it easy to start customizing by adding chrome where it will have the most noticeable impact on the overall look of the bike: your front end.

- Package includes components necessary to completely chrome the front forks.
- Includes Chrome Fork Sliders, Chrome Upper Fork Slider Covers, Fork Slider Drain Screw Kit, Fork Seals, and Chrome Front Axle Nut Cover Kit.

Part Number: 45800161

Fits '24-later FLHX and FLTRX and '25-later FLHXU models.

NEW PRODUCT CATALOG '25

Performance

**Chrome Hand Controls**

Replace your stock painted hand control components with brilliant chrome, without compromising quality. This front control kit completes a dazzling chrome front end treatment look that does more than stop your bike – it can stop traffic.

- Includes Lighted Hand Control Switches
- Manufactured from the Original Equipment components.
- Kit includes Chrome Clutch Perch, Chrome Master Cylinder and Chrome Control Housings (only).
- Combine with Chrome Hand Control Levers P/N 36700306 (sold separately).

Part Number: 41701346

Fits '23-later FLHXSE and FLTRXSE, '24-later FLHX, FLTRX, and FLTRXSTSE, and '25-later FLHXU models.

Lighted Hand Control Switches – Black

Add function and style to the Original Equipment hand controls on Touring models. Lighted Hand Controls feature soft white LED backlighting that illuminates the switch function icons for enhanced nighttime visibility. Original Equipment on CVO™ Road Glide®, CVO™ Street Glide® and CVO™ Road Glide® ST models.

- At-a-glance identification and a modern up-to-date look.
- Kit includes plug-in switch packs for left- and right-hand controls.
- Easy plug-and-play installation.

Part Number: 71500682

Fits '24-later FLHX and FLTRX and '25-later FLHXU models. Factory equipped on '23-later FLHXSE and FLTRXSE and '24-later FLTRXSTSE models.

Function

Defender Quick-Release Saddlebags

Add instant luggage capacity with these classic-shaped bags. The two-point mounting system makes it fast and easy to remove and install these bags, with a clean look when the bags are not installed.

- Rugged vinyl and ballistic nylon wrapped construction.
- Sturdy design maintains original shape.
- Durable materials for UV fade resistance.
- Waterproof dry bags included.
- Leather top handle folds away inconspicuously but can be pulled out to remove or carry the bags.
- Sturdy zippers can be locked with a padlock (sold separately).
- Internal locking mechanism secures each bag to the bike and prevents unwanted removal from the vehicle.
- External pocket to store items that might be uncomfortable in jacket or pants pockets.
- Laser cut MOLLE on outer surface offers options for clipping or tying bungees to the bags.
- Compatible with existing Holdfast racks, backrests, and other components.
- Luggage Capacity - 30 liters. (15 lbs per bag).

Part Number: 90202763

Fits '18-later FL5B, FL5L, FX5B, FX5BS, FXLR, FXLRS, FXLRST and FXST models. All models (except FL5B and FXLRST) require appropriate turn signal relocation kit. Domestic FL5L, FX5B and FX5BS require additional parts to move tail light, see instruction sheet. FX5B, FX5BS, FL5L and FXST DOM and CAL models require the license plate to be relocated. See instruction sheet for parts list and assembly instructions.

NEW PRODUCT CATALOG '25

Function

**FXLRST Saddlebags – Vivid Black**

Ready to road trip? These detachable rigid saddlebags are shaped to perfectly match the West Coast performance style and attitude of the Harley-Davidson® Low Rider® S model.

- Clam-shell design is easy to load and unload and can be opened with one hand by a seated rider.
- A damping device allows the saddlebag lids to open smoothly.
- Remove in seconds with an internal quick-release mechanism, leaving behind mounting points that are barely visible.
- Can be locked to the bike from the inside and locked closed externally by keying the included lock set to match the vehicle key.
- Combined saddlebag capacity: 3470 Cubic Inches total (15 lbs per bag).
- Vivid Black finish matches dark styling.
- Includes mounting hardware.

Part Number: 90202838DH

Fits '25-later FXLRS models.

Function

**Curved License Plate Frame**

Here's an easy way to update the appearance of your state-mandated license plate. This stylish Curved License Plate Frame is shaped to hug the contour of the rear fender, and the layback design reduces the "in-your-face" look of the flat, unfinished plate.

- Designed to replace the upright license plate mount.
- Front frame cover hides the plate's holes and raw edges.
- Solid backing plate conceals the unfinished rear side of the plate.
- Includes all required mounting hardware.

Part Numbers:

67900686 - Black

67900687 - Chrome

Fits '23-later FLHXSE and FLTRXSE, '24-later FLHX, FLTRX, & FLTRXSTSE, and '25-later FLHXU. Will not fit with decorative hardware kits 41170-03, 94546-05, 94114-02, and 41161-01.

Function

**CoolFlow Fan**

Keep your cool on a sweltering summer day. Engineered to maximize rider and passenger comfort in high temperature situations, the CoolFlow™ Fan is the perfect addition if your bike is subjected to parade duty, rush hour traffic, or extreme temperature environments. Unlike traditional fan kits that try to cool the engine by blowing air across the cylinders and often onto your legs, the CoolFlow™ Fan keeps the riders comfortable by drawing the heated air away from the rear cylinder and exhaust pipe and directing it toward the ground.

- Features switched On/Off/Auto operation.
- In the “ON” mode, the fan is active at low speeds, and will turn off when the bike reaches 40 mph.
- As speed lowers, the fan turns back on at 35 mph - this gap is intentional to prevent the fan from cycling on and off during low speed changes.
- In the “AUTO” setting, the fan operates based on a combination of slow vehicle speed and specific engine and ambient temperatures.
- 100% waterproof.
- Odometer fan status display feature availability varies by model and may not be available for your vehicle.
- Dealer Digital Technician™ update is required.

Part Number: 26800242

Fits '14-later Touring models. '14-'23 Touring models require additional purchase of Installation Kit P/N 69203453. Does not fit with Starter End Cover P/N 31400088 and 31400090.

CoolFlow Fan Installation Kit

Complete kit required for installation of CoolFlow™ Fan P/N 26800242 on certain models.

Part Number: 69203453

Fits '14-'23 Touring models (except '23 FLHXSE and FLTRXSE). Required for installation of Cool Flow Fan P/N 26800242.

Port Splitter Harness

Required for installation of CoolFlow™ Fan P/N 26800242 on certain models when multiple electrical accessories are installed.

Part Number: 69203486

Fits '14-'23 Touring models (except '23 FLHXSE and FLTRXSE). Required for installation of Cool Flow Fan P/N 26800242.

NEW PRODUCT CATALOG '25

Function

**LED Fog Lamps**

Designed to integrate with Engine Guard Lower for a clean custom look, these brilliant LED fog lamps produce a bright white pool of light near the vehicle and fill in the dark area between the bike and the low-beam pattern.

- Projects a smooth light pattern spread without distracting “hot spots”.
- Natural “daylight” lamp color enhances and amplifies the reflective character of lane markers.
- Long-life solid-state and low-draw LED lamps are sealed in shock and vibration-resistant housings that mount within the Engine Guard Lower for a clean custom appearance.

Part Number: 68000453

Fits '25-later FLHXU, '23-later FLHXSE and FLTRXSE and '24-later FLHX and FLTRX models equipped with Fairing Lower. Requires separate purchase of LED Fog Lamp Wiring Harness P/N 69203622.

LED Fog Lamp Wiring Harness

Required for installation of LED Fog Lamp Kit P/N 68000453

Part Number: 69203622

Fits '25-later FLHXU, '23-later FLHXSE and FLTRXSE and '24-later FLHX and FLTRX models equipped with Fairing Lower when installing LED Fog Lamps P/N 68000453.

NEW PRODUCT CATALOG '25

Function

**Wind Splitter 8" Windshield – Dark Smoke**

In the world of functional performance, size does matter. After all, it's simple to understand that the larger the windshield area, the greater the amount of wind deflection. The Wind Splitter Windshield is shaped for the perfect combination of effective airflow management and wow styling.

- 8" Dark Smoke windshield specifically designed for riders between 5'4" and 5'9" in height. A rider in this range will experience up to 50% reduction of visor pressure over the stock windshield.
- Rigorous fluid dynamic analysis and wind-tunnel testing shows significant reduction in helmet pressure and air velocity.
- Sweeping design complements the shape of the fairing and the inner dash panel, and adds height over a traditional low-profile wind deflector in the center where it counts.
- Shape decreases wind noise and improves your ability to hear the motorcycle sound system.
- Dark Smoke finish does not interfere with your forward view, and looks great against any paint color.
- Polycarbonate material is protected by a scratch-resistant layer.
- Easy-to-install with new floating bracket design and features Harley-Davidson script for a distinctive finishing touch.
- Installation may require Tall Windshield Mounting Kit P/N 57400668.

Part Number: 57400688

Fits '23-later FLHXSE models, '24-later FLHX, and '25-later FLHXU models. FLHX and FLHXSE models require separate purchase of Tall Windshield Mounting Kit P/N 57400668.

Short Windshield Mounting Kit

Required for installation of 5 inch windshields on some models.

Part Number: 57400687

Fits '25-later FLXHU models.

NEW PRODUCT CATALOG '25

Fit

**Adjustable Hand Control Lever Kit – Touring**

A natural fit for accessory handlebars or to further the custom look of your motorcycle.

- Black or Chrome Finish.
- Maintains adjustability of Original Equipment brake lever.
- Clutch anti-rattle clip and new pivot bushings are included.

Part Numbers:

36700305 – Black

36700306 – Chrome

Fits '23-later FLTRXSE and FLHXSE and '24-later Touring models (except FLTRK, FLHTK and FLI).

NEW PRODUCT CATALOG '25

Fit

**Adjustable Hand Control Lever Kit – Single Disc Softail® Models**

Grab some black with these levers – a natural fit for black accessory handlebars or to further the blacked-out look of your motorcycle.

- Black Finish.
- Maintains adjustability of Original Equipment brake lever.
- Clutch anti-rattle clip and new pivot bushings are included.

Part Number: 36700301

Fits '25-later FLFB, FLHC, FXBB, and FXBR models.

Adjustable Hand Control Lever Kit – Dual Disc Softail® Models

Grab some black with these levers – a natural fit for black accessory handlebars or to further the blacked-out look of your motorcycle.

- Black Finish.
- Maintains adjustability of Original Equipment brake lever.
- Clutch anti-rattle clip and new pivot bushings are included.

Part Number: 36700307

Fits '25-later FXLRS and FXLRST models.

NEW PRODUCT CATALOG '25

Fit

**Get-A-Grip™ Hand Grips –
Magnum**

Dressed in tactified rubber for superior traction, these elegant hand grips provide a positive connection to the controls in wet or dry weather. The soft-touch cross-hatched rubber surface feels good against both gloved and bare skin, and the "thicker in the middle" profile forms a natural fit with your closed fist.

- Magnum 1.6" diameter.
- Glueless grip design allows grip removal if you change handlebars or motorcycles.

Part Numbers:

56100614 – Black

56100615 – Chrome

Fits 23-later FLHXSE and FLTRXSE, 24-later FLHX, FLTRX, and FLTRXSTSE, and '25-later Softail® models.

NEW PRODUCT CATALOG '25

Fit

**Adjustable Highway Peg Mounts**

Stretch out for added comfort. This Adjustable Highway Peg Mounting Kit can be adjusted to any position to give most riders long-haul comfort.

- Easy to install, adjust and adapt to any position for the best in long-haul comfort.
- Features indexed adjustment points for easy, repeatable alignment from left to right, reducing installation time.
- Fits all 1.25" engine guards.
- Sold in pairs. Footpegs sold separately.

Part Number: 50502265 – Black

Fits front engine guards with 1.25" diameter tubing (except VRSC™ Engine Guard P/N 49267-01A, 49388-09, Softail® Nostalgic Engine Guard P/N 49037-05A).

Detachable Conversion Hardware

Required to install detachable accessories on select models.

Part Number: 54000337

Required for installation of detachable accessories on '25-later FLTRXSTSE models.

NEW PRODUCT CATALOG '25

Fit

**Hollywood Handlebar – Gloss Black**

This traditional Hollywood-styled handlebar combines the laid-back riding attitude of the '40s with a crossbar and shape that's perfect for today's new school stripped-down bobbers.

- Gloss Black finish.
- Limited rise, narrow profile and gentle pull back shape.
- Bar captures the look of a classic bar without the wide beach bar riding position.
- See Harley-Davidson Handlebar Installation Requirements document for additional components required for installation.
- Handlebar height is regulated in many locations. Check local laws to ensure your motorcycle meets applicable regulations.

Part Number: 55801579

Fits '25-later FXBB, FXLRS, FXLRST, and FLHC models. All models require separate purchase of additional components. See Handlebar Fitment Matrix for details.

NEW PRODUCT CATALOG '25

Fit

**Sundowner™ Seat**

The Sundowner™ Seat provides the maximum in long-riding comfort. The deep-bucket design puts your body in the proper touring position and the generous padding makes it comfortable for both the rider and passenger as the miles are adding up. The dished shape provides added rider back support and the wide passenger pillion is shaped to minimize pressure points.

- Black with contrast stitching and bright Harley-Davidson® badge.
- Seam-sealed construction prevents rain or wash water from infiltrating the seat foam in critical areas.
- Styled covering and generous rider and passenger spaces.
- Comfortable Sundowner™ Two-Up Seat is shaped to maximize time in the saddle.
- Sweeping center panel stitching and the tapered sides visually shrink the seat.
- Seat width 15.25" passenger pillion width 10.00".

Part Number: 52000748

Fits '18-later FLDE, FLHC, FLHCS, FLSL, FXBB, FXBBS and FXST models and '24-later FLI models. '24-later FLI requires removal of original equipment seat rail.

Fit

Switchback Seat – Red Stitch

Take your custom style up a notch. This one-piece two-up seat features contrasting vinyl patterns, performance red stitching and a modern interpretation of the classic tuck-and-roll upholstery pattern.

- One-piece two-up design incorporates rider seat and pillion.
- Seam-sealed construction prevents rain or wash water from infiltrating the seat foam in critical areas.
- Debossed tuck and roll pattern on seating surface.
- Smooth black vinyl seating surface.
- Textured vinyl side panels.
- Contrasting Performance Red stitching.
- Performance Red rubber Bar & Shield logo.
- Fastback profile.
- Seat width 12.7".

Part Number: 52000789

Fits '18-later FLDE, FLHC, FLHCS, FLSL, FXBB, FXBBS and FXST models and '24-later FLI models. '24-later FLI requires removal of original equipment seat rail.

Part Number: 52000786

Fits '18-later FLSB, FXLR, FXLRS and FXLRST models.

NEW PRODUCT CATALOG '25

Fit

**Harley® Hammock Touring Seat**

Stay in the saddle all day. This Harley® Hammock seat features broad seating surfaces and a shallow bucket shape to distribute the weight and reduce pressure points. Beneath the two inches of traditional dual-density foam, the rider's weight is supported by a revolutionary fabric suspension system.

- Black with contrast stitching and embroidered Harley-Davidson logo.
- Sling-like suspension system is integrated into the seat and acts like a hammock.
- Provides two inches of suspension above the seat pan and internal system prevents "bottoming out".
- Seam-sealed construction prevents rain or wash water from infiltrating the seat foam in critical areas.
- Optional Rider Backrest for additional back support (sold separately).
- Seat width 16.0" passenger pillion width 11.25".

Part Number: 52000746

Fits '18-later FLDE, FLHC, FLHCS, FLSL, FXBB, FXBBS and FXST models and '24-later FLI models. '24-later FLI requires removal of original equipment seat rail.

Part Number: 52000747

Fits '18-later FLFB, FLFBS, FXBR, and FXBRS models.

NEW PRODUCT CATALOG '25

Fit

Hammock Adjustable Rider Backrest

Add back support to the Harley Hammock seat for long-haul riding comfort. This contoured backrest pad is shaped to provide full lower back support without pushing the rider forward, and the slim profile maximizes the available passenger space.

- Black with contrast stitching.
- Styled to match the Harley® Hammock Touring Seat.
- Seam-sealed construction prevents rain or wash water from infiltrating the foam in critical areas.
- Backrest slips into the receiver built into the seat for easy on-off installation.
- Thumbwheel controls provide micro adjustment of the backrest height and angle for a custom fit riding position.
- Includes backrest assembly and protective grab strap pad.
- Does not fit with Original Equipment seat.
- Backrest pad width 11.25”.

Part Number: 52300745

Fits '18-later FLDE, FLHC, FLHCS, FLSL, FXBB, FXBBS, FLFB, FLFBS, FXBR, FXBRS and FXST models equipped with Signature Hammock Seat P/N 52000746, 52000747, 52000290 or 52000294.

NEW PRODUCT CATALOG '25

Fit

**Sport Solo Touring Seat – Contrast Stripe**

Performance meets comfort. This solo seat is shaped to hold the rider in a comfortable yet secure position during aggressive riding, with go-fast styling to match your attitude.

- Black with Performance Red contrast stitching.
- Stitched racing stripe runs down the center of the seat cushion.
- Raised Performance Red rubber Bar and Shield logo. A raised rear bolster helps hold the rider in position.
- The seat shape and padding materials are designed for long-range comfort for most riders.
- The seat is shaped to rotate the rider's hips to a neutral position relative to the spine to position the rider in a comfortable posture.
- Seam-sealed construction prevents rain or wash water from infiltrating the seat foam in critical areas.
- Pair with matching Sport Passenger Pillion P/N 52400378 for two-up riding.

Part Number: 52000751

Fits '23-later FLHXSE, FLTRXSE, '24-later FLHX, FLTRX, FLTRXSTSE and '25-later FLHXU models. Does not fit with rider backrests.

Screamin' Eagle® Genuine SYN3® Full Synthetic Lubricant - SAE 15W50 / SAE 50

Give your Harley-Davidson® powertrain the ultimate in protection with premium Screamin' Eagle® SYN3® Synthetic Lubricant. This dual-weight, full-synthetic lubricant is developed, tested and validated by Harley-Davidson engineers specifically for all Harley-Davidson® engine, transmission and primary drive applications. Blended with premium base stocks and Harley-Davidson proprietary additives for optimized durability, minimal friction loss, and a wide ambient operating temperature range. Trusted by Harley-Davidson Factory Racing to stand up to the challenge of full-throttle competition, formulated to keep your street bike running strong season after season.

- New, Improved formula is backward compatible to all H-D models that use SAE 20W50 oil.
- Custom-formulated to protect your Harley-Davidson powertrain and maintain its performance in the harshest conditions.
- Unmatched shear stability to resist viscosity break-down beyond the full oil-change interval.
- Innovative dual-weight formula delivers the best of both SAE 50 and SAE 15W50.
- 15W rating provides excellent cold-start protection even at low ambient temperatures.
- The ultimate high-temperature protection of SAE 50.
- Specifically formulated for motorcycle clutch compatibility.
- Compatible with both non-catalyst and catalyst-equipped engines.
- The only oil used by Harley-Davidson Factory Racing.

**Electric Powered Pressure Washer**

Blast your bike clean. This electric powered pressure washer is intended specifically for motorcycle use, with a pressure level and nozzle designed to quickly remove dried bugs and road grime without damaging the motorcycle finish or components. Includes a 40-degree quick-connect nozzle to cover large areas on the bike and a foaming soap applicator.

- Pressure regulated to 800 psi and 1.5 gallons per minute with a wide, 40-degree nozzle to prevent damage to the motorcycle while cleaning efficiently.
- 35-foot power cord is protected by ground-fault circuit interrupter (GFCI).
- Includes 20-foot super-soft high-pressure hose designed to be easy to handle and to not scuff the motorcycle finish.
- Built-in handle for easy transport and storage.
- Handy power cord storage hook and holster for storing spray gun and wand.
- Use foam cannon and Pressure Washer Multi-Purpose Cleaning Fluid (P/N 93600175 sold separately) for extra cleaning power.
- Use the extension lance to extend your reach.
- Requires 120v electric power source and water supply from your garden hose.
- Also may be used for household cleaning projects, including fences, patios, RVs, ATVs, boats and other vehicles, lawn care equipment and more.
- Use with care around motorcycle bearings, seals and electronics.

Part Number: 93600173

Universal.
